Disclosure Attestation

Disclaimer: *This Health IT Module is compliant with the ONC Certification Criteria for Health IT and has been certified by an ONC-ACB in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.*

This Cost and Certification Disclosure is provided to document costs and additional information on the certified Qualifacts InSync platform. This disclosure is posted publicly at https://www.qualifacts.com/onc-documentation/ and on the ONC Certified HealthIT Product List (CHPL).

InSync agrees to notify Drummond Group of any and all future changes to our transparency and disclosure language for this certified product version. Furthermore, InSync understands and agrees that the ONC Health IT Certification Program Final Rule statement gives Drummond Group, as an ONC-ACB, the sole responsibility for ensuring compliance and determining appropriate consequences if EHR technology developers fail to divulge accurate transparency and disclosure information.

InSync, in addition, understands and agrees to provide Drummond Group with copies of, or give access to, any and all websites, marketing materials, communication statements, and other assertions made by InSync regarding the ONC certification status of this product in a reasonable time to ensure the transparency and disclosure information is being accurately disclosed.

Relied Upon Software

For the following measures, Qualifacts InSync uses Secure Exchange Solutions and the clinical exchange solution software and an additional 3rd party partner for § 170.315(a)(15), § 170.315(b)(1), § 170.315(e)(1), § 170.315(h)(1), Dynamic Health IT CQMsolution for § 170.315(c)(1) to (c)(3), and Smile CDR Inc for § 170.315 (g)(10).

Real World Testing Plans

> "Real World Testing is an annual requirement outlined in the ONC 21st Century Cures Act Final Rule for all health IT developers participating in the ONC Health IT Certification Program. The purpose of this Condition and Maintenance of Certification requirement is for Certified Health IT Developers to demonstrate interoperability and functionality of their certified health IT in real world

315 Deaderick Street, Suite 2300 Nashville, TN 37238 qualifacts.com

> settings and scenarios rather than in a controlled test environment with an ONC-Authorized Testing Lab. Real World Testing verifies that deployed Certified Health IT continues to perform as intended by conducting and measuring observations of interoperability and data exchange. These observations are described in a public and transparent way through Real World Testing plans and reported as Real World Testing results."

The published Real World Plans for Qualifacts InSync can be found at https://www.qualifacts.com/onc-certification-and-costs/

Costs of the EHR-Certified Software

Additional types of costs or fees (whether fixed, recurring, transaction-based, or otherwise) imposed by a health IT developer (or any third-party from whom the developer purchases, licenses, or obtains any technology, products, or services in connection with its certified health IT) to purchase, license, implement, maintain, upgrade, use, or otherwise enable and support the use of capabilities to which health IT is certified; or in connection with any data generated in the course of using any capability to which health IT is certified.

- One-time license fee, applicable per provider
- SAAS Model Cost – Clients pay a fixed monthly fee per provider to use the software and services as stated in the signed contract.
- One-time cost/each integration setup – integration fee for each health information exchange such as Lab Interface, HL7 Interface, Immunization Interface, Imaging Interface, etc., where applicable.
- E-Prescribing – Monthly cost per e-prescribing/e-checking provider.
- CQMsolution for clinical quality measurement analysis and reporting incurs a one-time setup fee and an ongoing monthly subscription fee.
- Direct Email – No cost for initial practice-level Direct Email; however, if the client wants provider-level Direct Email, it has a monthly fee.
