

# Qualifacts RCMS

## Your Practice. Your EHR. Your End-to-End RCMS Partner.

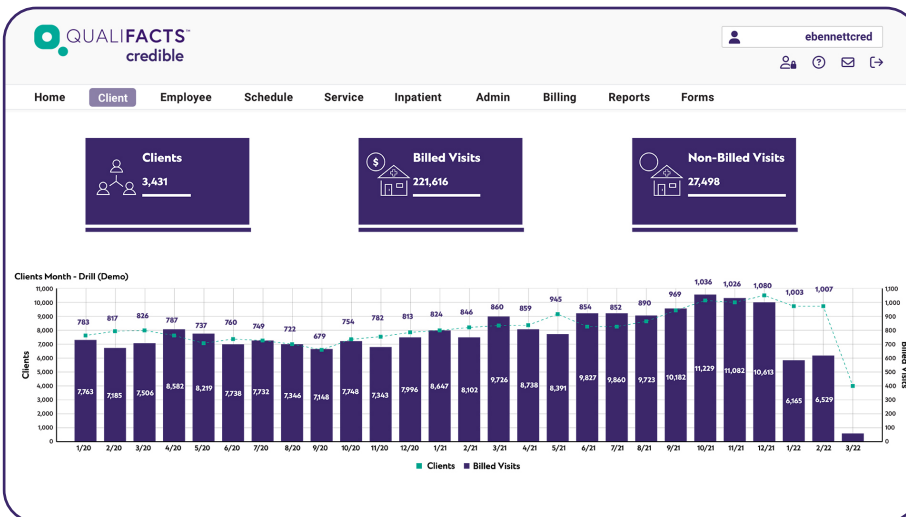

Unlock the full potential of your practice with Qualifacts' comprehensive suite of revenue cycle management services (RCMS) and solutions, built specifically for behavioral health, rehabilitative, and human services organizations. Leverage our industry-leading billing expertise and data analytics to optimize performance across every facet of your practice.

- **Fully Integrated RCMS Technology:** Workflows and billing software integrated seamlessly across your EHR.
- **Complex Billing Model Solutions:** Proficient management and adaptability with Value-Based Care (VBC) and Certified Community Behavioral Health Clinic (CCBHC) requirements.
- **Advanced Reporting and Analytics for Data-Driven Decisions:** Unlock data insights and business intelligence (BI) with Qualifacts robust data architecture and interoperability.

|  |                        |                                    |  |
|--|------------------------|------------------------------------|--|
|  |                        |                                    |  |
| Scale RCM Solutions for Every Growth Stage | Integrated EHR Billing | Optimize Revenue and Reimbursement | Unburden Staff with Automated Administrative Tasks |

**BH Expertise Meets Custom RCMS**

Customize your RCMS experience with our industry billing experts to meet the unique needs of your practice, clients, market, and payment model.
