EHR Integration \* Fewer Tools \* Fewer No Shows

Fewer Tools \* Fewer No Shows

Fewer Barriers to Care

Client-Friendly UI \* Custom Branding

# Client Portal

Intuitive portal, healthier practice.

**Increase client satisfaction & access to care** with a simplified, intuitive, and mobile-friendly client experience

**Keep clients engaged,** encourage treatment adherence, and improve health outcomes with automated reminders, forms, and follow-ups

**Prevent revenue loss and reimbursement delays** with demographic data mapping, eSignature, and in-portal payment collection

- ✓ Branded Portal
- ✓ Mobile App
- ✓ Secure Notifications
- ✓ Client Access to Personal Records
- ✓ Intake & Form Assignment
- ✓ Automated Reminders
- ✓ Broadcast Messaging
- ✓ eSignatures
- ✓ Demographic Data Mapping
- ✓ Payments & Statements

90%

of behavioral health clients value having access to a client portal.

## Empowering Connections & Efficiency

### For You:

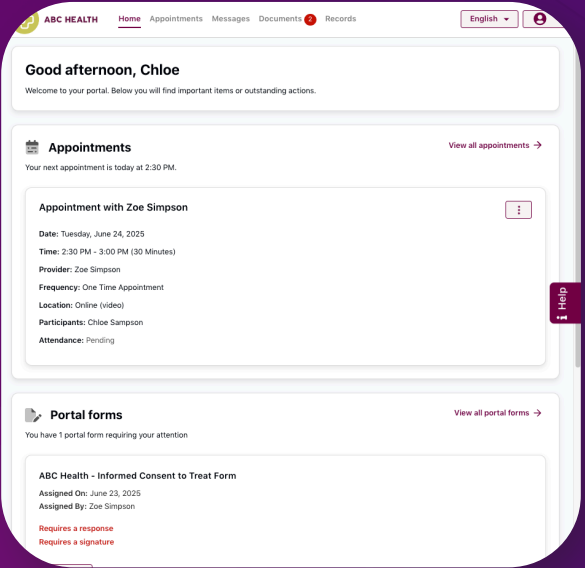

- Automate workflows & reduce no-shows.
- Ensure reliable revenue capture.
- Coordinate care effortlessly.

### For Your Clients:

- Enjoy a trusted, intuitive digital experience.
- Simplify forms, onboarding & payments.
- Stay informed & connected with their care.

### For Both:

- Secure & accessible records for peace of mind.
- Streamlined notifications for better engagement.

# Integrated Telehealth

Empower clients to easily access care on their own terms.

**Expand your reach & increase revenue** with more flexible scheduling options, completed appointments & fewer no shows

**Support better outcomes** with more consistent, frequent check-ins & more complete client records

**Allow providers to see more clients** without adding space or staff with optimized resource utilization and hybrid care models

- ✓ Individual & Group Appointments
- ✓ HIPAA Compliant
- ✓ Collaboration Tools
- ✓ Transcription
- ✓ Mobile-Friendly

82%

of people prefer to use telehealth for behavioral health and psychiatry appointments.

BH Business, 2022

## Expanding Reach & Improving Outcomes

### For You:

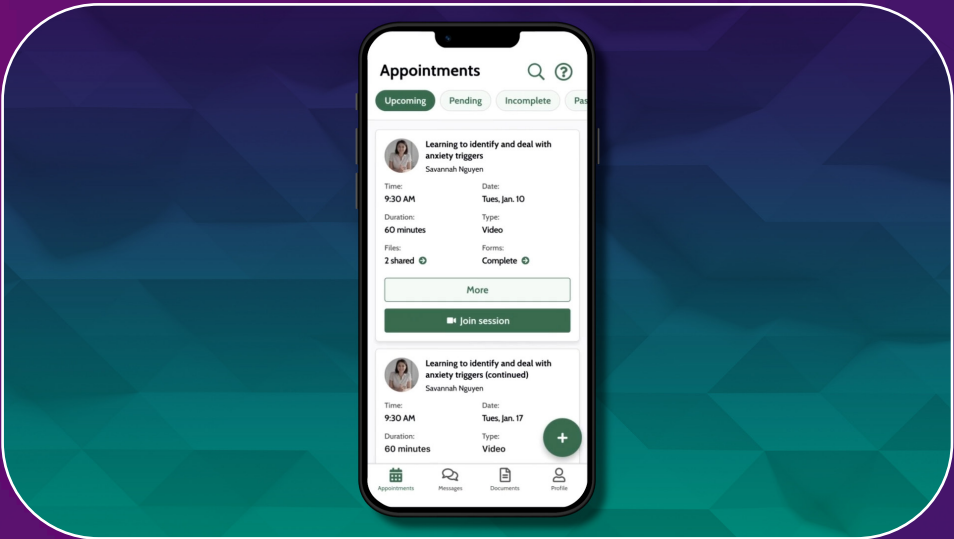

- Increase efficiency, revenue & overall reach.
- Enhance quality of care & compliance.

### For Your Clients:

- Access flexible & convenient care, wherever they are.
- Achieve better, more consistent health outcomes.

### For Both:

- Effectively deliver truly inclusive care for everyone.

# Enhance the Care Experience, For Everyone.

A full Client Engagement Suite designed for seamless interaction & improved satisfaction.
